NATIONAL CADET CORPS

Airwing
(2 MP AIR SQN NCC BHOPAL)

Sagar Institute of Research & Technology, Bhopal

The National cadet corps airwing was formed in the year 1984 under the group 5[TN] air SQN (tech) NCC having its headquarters at NEW DELHI. It is the wing in which cadets are made to learn about some basis of Airforce some qualities having the main moto of it that is "UNITY AND DISCIPLINE". These qualities are meant to be learned by the cadets of NCC including some others such as patience, endurance, gratefulness, etc. Airwing of NCC provides a platform to the defense aspirant who wish to have their future in Defense. It starts with some morning drills, physical training, academics, etc. to get enrolled in NCC Airwing one should have a confident nature, communication skills, truthfulness and honesty along with other physical and medical requirements positively. It is one of the very proud feeling to be a part of NCC air wing.
