Dec 2021 E-Newsletter

Words from Chairman

ER. SANJEEV AGRAWAL

My colleagues and I are striving to transform SIRT into a 'Knowledge Enterprise'. The relevant concepts that we expect to build into SIRT are:

A knowledge enterprise is an institution which is capable of production, marketing, maintenance and innovation of knowledge as a product.

Welcome to the issue of our departmental newsletter! We hope this newsletter will keep our wider community up to date with news and activities in the department. In this issue, you'll find an article about exciting work College students did.

We'll continue to update you every semester. Please contact us with any comments or suggestions

Department of Electrical & Electronics Engineering

Department of Electrical and Electronics engineering was established in 2003 & is an integral part of Sagar Institute of Research & Technology, Bhopal. The department offers the 4 years undergraduate degree program in Electrical & Electronics engineering & is affiliated to Rajiv Gandhi Pradyogiki Vishwavidyalaya (RGPV) Bhopal. The department has been constantly modernizing the infrastructure and laboratory facilities. The department is endowed with well-equipped laboratories as required by curriculum of RGPV.

Mission

To achieve academic excellence in providing technical education by incorporating the principles of Total Quality Management (TQM)

To provide state-of-art infrastructure for enhanced learning & research with IT based knowledge management to meet global challenges

To inculcate ethical, moral, & cultural values among Electrical & Electronics Engineering professionals.

Vision

To motivate and mould students into world class Electrical & Electronics Engineering professionals who will excel in their field and effectively meet challenges of the dynamic global scenario.
